

GENERAL CLEANING TIPS

1. When cleaning, start with high areas then finish with floors.
2. Follow the product instructions. Use the recommended amount for best results.
3. Shake products well.
4. Do not mix products unless instructed.
5. For wood, antiques, or sensitive surfaces, test products in a small area before using. Spray onto cloth, not surface.

LAUNDRY

Pre-Treating Stains

1. Fill the basin with water (~10 liters).
2. Wet and spot treat stains with **Laundry Bar**, or **Stain Remover**.
3. Add 1 liter of **Fabric Brightener**.
4. Add clothes. Soak for 1 hour. Dispose of water. Wring clothes. Wash in a machine.

Safety: When using Brightening, we recommend wearing gloves if hands are immersed. Keep out of direct sunlight.

Machine Washing

- Add 30 ml of **Laundry Powder** to the washing machine tray (use scoop provided)
 - If powder is getting stuck, add to drum directly
- If clothes are dull, add 60 ml of **Fabric Brightener** to the tray.
- Add 120 ml of **Fabric Softener** to the tray (or as per washing machine recommendation).

Hand Washing

- Add 30 ml of **Laundry Powder** to 10L water. Swirl until "milky"
- Boost washing with **Laundry Bar**.
- Rinse with water and 120 ml of **Fabric Softener** before hang drying.

Laundry Bar

- Wet bar and clothes. Scrub bar directly onto stains, from both sides of the fabric.
- Use for handwashing delicates.

Stain Remover

- Shake well.
- Spray onto stain and allow to sit before washing.
- For serious stains, see our laundry guide.

Freshening Spray

- Shake well.
- Spray onto fabrics, laundry, sofas for an extra fresh scent.

CONCENTRATES & ALL PURPOSE

Pure Soap

- This is an all purpose powerful liquid Castile soap!
- A few drops for hands, body, pets, dishes.
- Add 30ml to a bucket for mopping, general cleaning with a cloth.
- Dilute 1:5 and add a bit of bicarbonate soda to make your own Surface Cleaner.

Citrus Concentrate

- This is an all purpose powerful citrus vinegar concentrate. Repels dudu, good for grease and deodorizing.
- Add 200 ml to a bucket to use for mopping.
- Dilute 1:1 with water to make your own Spray-Daily.

SPRAYS & SURFACES

Surface Cleaner - Extra Strength

- All Purpose soap-based spray. Great for bathrooms and major cleanups.
- Shake well. Spray onto surface, or onto damp cloth then wipe surface. Super strong!

Surface Cleaner - Everyday

- All Purpose infused citrus vinegar spray great for regular surface cleaning and deodorizing.
- Shake well. Spray onto surface. Wipe with damp cloth.

**Do not use on exposed concrete or stone as it may stain or etch over time.*

Glass Cleaner

- Shake well. Spray onto the surface. Wipe dry.

Scouring Powder

- Sprinkle on surfaces with hard-to-clean stains and spots, i.e. pots, pans, grout, tile, toilets, etc.
- Use sponge, steel wool, or brush and a bit of water to bring to suds. Rinse.

Instant Disinfectant

- Spray onto handles, taps, light switches, cutting boards, toilets, stinky things, etc!
- Can even be used on hands or as a first-aid spray.

Toilets

- Shake well. Lightly squeeze 1 circle around the toilet bowl. Scrub to suds and let sit while cleaning the rest of the bathroom. Flush. Works well with Scouring Powder.

Dishes

- Use a damp sponge; not dripping. Wipe across top of soap and work into foam.
- Dump excess soapy water when finished.
