

STAIN REMOVAL

SPOT TREAT STAINS BEFORE WASHING

- Spot treat with **Laundry Bar** or **Stain Remover** then wash as normal
- For maximum stain removal, treat on both sides of stained fabric before washing

PRE-SOAK (IF HEAVILY SOILED) - FABRIC BRIGHTENER

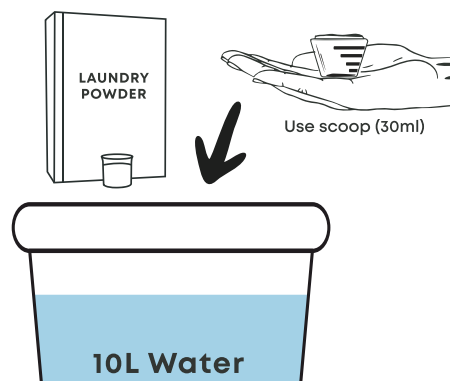

- Add 1L of **Fabric Brightener** for every 10L of water
- Soak overnight (12 Hours)
- Use gloves
- Wash as normal

HANDWASH

1 Wash

- Add 30ml of **Laundry Powder** in 10L water
- Swirl with hand until milky and a bit foamy then add clothes.
- Use the **Laundry Bar** for any additional stain removal
- To boost your cleaning, add 60ml of **Fabric Brightener** for every 10L of water

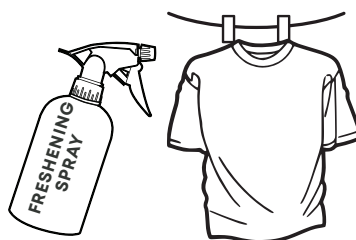

2 Rinse & Soften

- Add 120ml of **Fabric Softener** to a fresh basin with 10L of water
- Wring clothes from washing basin
- Add to Softener basin, swirl, wring, and hang
- For large loads, rinse first with water, then do softener rinse

DRYING & FRESHENING

- Wring clothes out from **Softener** rinse
- Hang clothes to dry
- Shake **Freshening Spray**
- Spray liberally to add a light fragrance to clothes

LAUNDRY DOSAGE

Load Size	Powder Measurements	Brightener Measurements	Softener Measurements
